Re: *Jane Doe #1, et al v Mayfield City School Dist. Bd of Ed*

Dear Counsel;

Confirming our conversation on the Court's conference line, which occurred following the telephone status call yesterday, I am circulating blank calendars for January, February, and March 2017. The purpose is to set aside three (3), perhaps four (4), days for depositions so as to meet the court's Order of convening a Mediation with the Magistrate Judge sometime between March 1 and March 15, 2017. Toward that end, please decide who among you will be representing your clients at the depositions and please "X" out the days and ½ days when you are unavailable so that I can schedule three (3) days together, if possible, for depositions. On behalf of the Plaintiff I will probably need two (2) full days. If both counsel will attend for a party, please coordinate your available dates on a single calendar, not two (2) separate calendars.

In response to Sarah's request I will forward to counsel for both parties my proposed deponents. I ask that you advise me which individuals you wish to depose. I will make Halle available; advise if you wish to depose one or both of her parents. I will forward my deponent list separately, together with additional written discovery.

Very truly yours,

Murray D. Bيلfield
